

## PERSONNEL & RESOURCES

### General

The staff in the employment of Signal Excel Systems Ltd comprises of Engineers and technicians in Mechanical, Electrical, civil and Electronic engineering capable of Undertaking works in any industrial environment

## PLANT & EQUIPMENT

### We have the following plant and equipment at our disposal:

1. 2 No. pick ups
2. Compression equipment
3. One portable generator
4. 2 no. arc welding machines
5. Several electrical tool kits
6. Several mechanical tool kits
7. Several electrical & data tool kits
8. Crimping tools
9. Ladders
10. GI conduit bender and PVC bending springs
11. Blow lamps
12. Rivet guns
13. Hand drilling machines
14. Drill, rotary and hammer
15. Saws
16. Portable vices and drill stands
17. Multi-meters
18. Earth loop impedance tester
19. Clamp meter
20. Phase sequence meter
21. Phase testers
22. Insulation 5KV megger
23. Earth megger
24. Data simulation sets
25. Primary Injection set
26. Secondary Injection set
27. Pressure test set (up to 30KV)
28. Avometer
